156 two (522) days of shared leave during total state employment. The College may

181 C. The College may require the employee to submit, prior to approval or disapproval,
182 verification of the employee's status as a victim of domestic violence, sexual assault
183 or stalking for shared leave under Subsection 15.2.D. Such verification will be in
184 accordance with the Domestic Violence Leave Act, RCW 49.76 and may be one or

210 recipient's salary.
211
- 212 H. Eight (8) hours a month of accrued and/or shared leave may be used to provide for
213 the continuation of benefits as provided for by the Public Employee's Benefit
214 Board.

- 216 I. The College will respond in writing to shared leave requests within fourteen (14)
217 calendar days of receipt of a properly completed request.

219 **15.4 Leave Donation**

220 An employee may donate vacation leave, sick leave, or personal holiday to another
221 employee for purposes of the leave sharing program under the following conditions:

224 vacation leave to an employee authorized to receive shared leave; and

225

226 1. The full-time employee's request to donate leave will not cause their
227 vacation leave balance to fall below eighty (80) hours. For part-time
228 employees, requirements for vacation leave balances will be prorated; and

229

230 2. Employees may not donate excess vacation leave that they would not be
231 able to take due to an approaching anniversary date; except when the request
232 for vacation leave was denied and the vacation leave was deferred.

233

234 B. The College approves the employee's request to donate a specified amount of sick
235 leave to an employee authorized to receive shared leave. The employee's request
236 to donate leave will not cause their sick leave balance to fall below one hundred
237 seventy-six (176) hours after the transfer.

238

239 C. The College approves the employee's request to donate all or part of their personal
240 holiday to an employee authorized to receive shared leave.

241

242 1. That portion of a personal holiday that is accrued, donated as shared leave,
243 and then returned during the same calendar year to the donating employee,
244 may be taken by the donating employee in full day increments.

245

246 2. An employee will be allowed to split the personal holiday only when
247 donating a portion of the personal holiday to the shared leave program.

248

249 D. No employee may be intimidated, threatened, coerced, or financially induced into

15.5 Shared Leave Administration

- A. The calculation of the recipient’s leave value will be in accordance with applicable Office of Financial Management policies, regulations, and procedures. The leave received will be coded as shared leave and be maintained separately from all other leave balances. All paid leave accrued must be used prior to using shared leave when the employee qualifies for shared leave under Subsection 15.2 A. Accrued vacation leave and paid military leave allowed under RCW 38.40.060 must be used prior to using shared leave for employees qualified under Subsection 15.2.B. All paid leave, except sick leave, must be used prior to using shared leave when the employee qualifies for shared leave under Subsections 15.2.C and 15.2.D. However, for shared leave qualified under parental leave and/or pregnancy disability leave, the employee is required to deplete their personal holiday and all compensatory time. The employee is also required to deplete vacation leave and sick leave that is over forty (40) hours in each category.

- B. An employee on leave transferred under these rules will continue to be classified as a state employee and will receive the same treatment in respect to salary, wages, and employee benefits as the employee would normally receive if using accrued vacation leave or sick leave.

- C. All salary and wage payments made to employees while on leave transferred under these rules will be made by the agency/institution employing the person receiving the leave.

- D. Where Colleges have approved the transfer of leave by an employee of one (1) agency/institution to an employee of another agency/institution, the agencies/institutions involved will arrange for the transfer of funds and credit for the appropriate value of leave in accordance with Office of Financial Management policies, regulations, and procedures.

E. Leave transferred under this Section will not be used in any calculation to determine an agency's/institution's allocation of full-time equivalent staff positions.

F. Any shared leave not used by the recipient will be returned to the donor(s). Before returning unused leave:

1. -The College will obtain a statement from the receiving employee's doctor verifying whether the employee's injury or illness is resolved; or
2. The employee must be released to regular employment; has not received additional medical treatment for their current condition or any other qualifying condition for at least six (6) months; and their doctor has declined, in writing, the employee's request for a statement indicating the employee's condition has been resolved.

The remaining shared leave is to be divided on a pro rata basis among the donors and reinstated to the respective donors' appropriate leave balances based upon each employee's current salary rate at the time of the reversion. The shared leave returned will be prorated back based on the donor's original donation.

G. Unused shared leave may not be cashed out but will be returned to the donors per Subsection F, above.

H. An employee who uses leave that is transferred under this Section will not be required to repay the value of the leave that the employee used.

312 I. If a shared leave account is closed and an employee later has the need to use shared
313 leave due to the same condition listed in the closed account, the Employer must
314 approve a new shared leave request for the employee.
